## READING THE CLASS SCHEDULE

**ORIENTATION** - Most web classes require some form of orientation. Orientation is used to give students important information about the course. Following are examples of the different types of orientation:

Online Orientation, email instructor at (email address) between (dates) - students must send instructor an email introducing themselves at some time during the dates given. The instructor will respond with the information needed for the class.

On-Campus Orientation, Day, Date, Time, Room - orientation will be held on campus on the specified day, date, time, and room. If students are unable to attend orientation on the specified date and time, which varies by class, they need to contact the instructor.

**WEB CLASSES** - Classes with section numbers that include a “W” are Web classes. In courses offered in this delivery format, all instruction is web-based.

Web Asynchronous (WA) - Students learn on their own schedule online while adhering to posted deadlines.

Web Synchronous (WS) - Students and faculty interact online on specific days/times using technology such as Zoom, Canvas or Google Classroom.

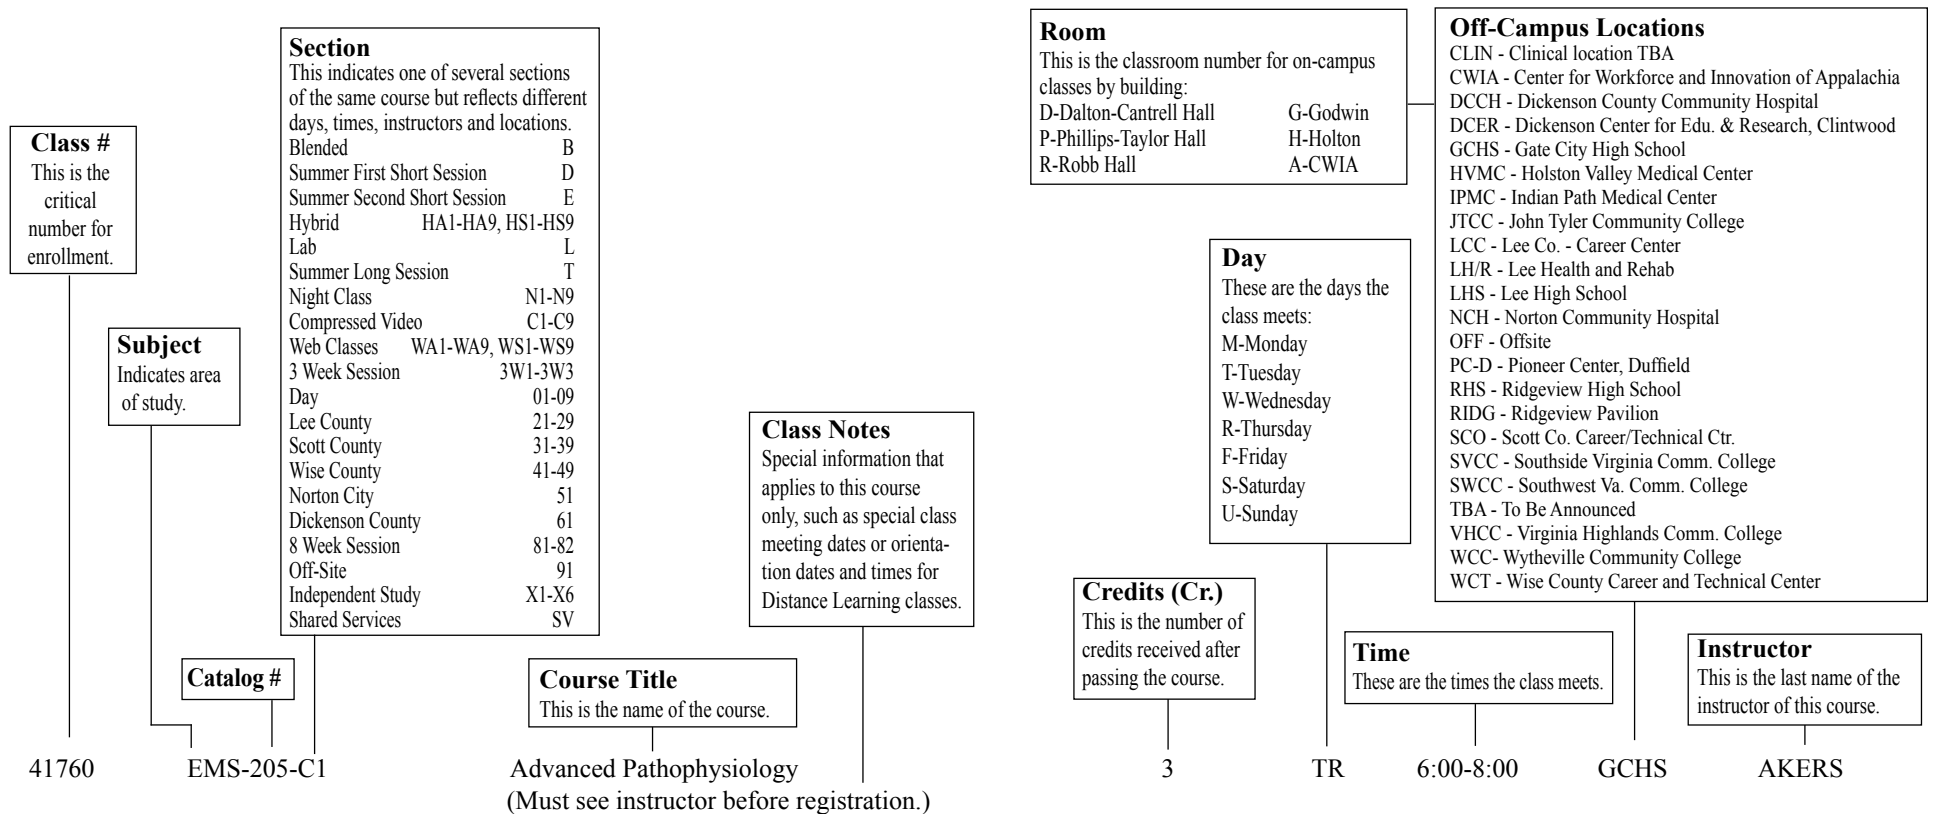

**COMPRESSED VIDEO** - Classes with section numbers that include a “C” are Compressed Video classes. These are courses delivered via video to two or more sites. Students may be at a different location than the instructor.

**INDEPENDENT STUDY** - Classes with section numbers that include an “X” are Independent Study classes. These are highly individualized, planned studies.

**HYBRID** - Classes with section numbers that include an “H” are Hybrid classes. These classes require students to attend class on-campus less often by utilizing on-line components that can be completed at home.

Hybrid Asynchronous (HA) - Students learn on their own schedule while adhering to posted deadlines, with some in-person sessions required on-campus.

Hybrid Synchronous (HS) - Students and faculty interact online on specific days/times using technology such as Zoom, Canvas or Google Classroom, with some in-person sessions required on-campus.

MECC is committed to a policy of nondiscrimination in employment and education opportunity. No person shall be discriminated against in the terms and conditions of employment, personnel practices, or access to and participation in, programs, services, and activities with regard to race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, or membership or activity in a local commission as defined by law.

Harassment of an individual or group on the basis of race, sex, color, creed, religion, age, national origin, disability, marital status, status with regard to public assistance, sexual orientation, or membership or activity in a local commission has no place in a learning or work environment and is prohibited. Sexual violence has no place in a learning or work environment. Further, MECC shall work to eliminate violence in all its forms. Physical contact by designated system, college, and university staff members may be appropriate if necessary to avoid physical harm to persons or property.

Lack of English skills will not be a barrier to admission or participation. In order to eliminate barriers, we take appropriate measures to assess each student's ability to participate and benefit through placement testing and counseling. Based on the assessment and counseling, students are then provided with campus services or a referral to community services to be better prepared for successful participation.

Nondiscrimination Coordinators:

Title IX Coordinator – Ron Vicars, Room 136, Godwin Hall, 276.523.7480

Title IX Coordinator (Students) – Lelia Bradshaw, Room 133, Holton Hall, 276.523.2400 ext. 288

Title IX Coordinator (Employees) – Val Lee, Room 138, Godwin Hall, 276.523.2400 ext. 212

Disabilities Coordinator – Dale Lee, Room 131, Holton Hall, 276.523.2400 ext. 343
