

## GRADUATES AND AWARDS

A graduate will only be counted one time in an academic year. If a graduate received two awards, the graduate is placed under the highest degree level. The VCCS total is the official count for the number of graduates.

## GRADUATES AND AWARDS

MECC graduate totals include all same-level recipients. For example, a graduate with an award in General Studies and Science is counted in each program, which is a duplicated number. The duplicated number of graduates includes only the highest award a graduate received. For example, a graduate with Accounting and Management awards (both AAS degrees) will be counted twice. However, a graduate with an Accounting degree and an Accounting certificate will only be counted as a graduate once (for the degree), though both awards are counted.
